Broke up tha Den?

A very clever and creditable piece of work has been done by Officer Scott of the police force. For several months he has had an inkling that certain gentlemen of sporting tendencies were passing the chips in the night and otherwise wooing dame fortune in games of chance and hazard. Such gatherings are usually hard to call upon but by diligent Officer Scott succeeded in locating them and brought home to the members thereof that the game was hazardous in more ways than one. There were two distinct groups of the players and positive evidence has been secured against both. Some of those incriminated have waived examination and will submit. The others will be brought up for trial. Officer Scott has done several excellent pieces of work lately but none more creditable than this.

Court Proceedings.

The following cases were disposed of today:

State vs. Jim Gilliam and Henry Miller; larceny, guilty, sentenced 4 months on public roads.

State vs. John Adams and Caesar Jordan; rape, not a true bill.

State vs. J. M. Coble; murder, not a true bill.

State vs. Frank Wharton; larceny, guilty.

State vs. John Stanfield; larceny, plead guilty.

State vs. James Patillo; larceny, plead guilty, judgment suspended on payment of cost.

State vs. James T. Scott; assault with deadly weapon, two cases, plead guilty.

State vs. D. I. Brooks; retailing, not guilty.

The Carriers' Ball Game.

The game of ball this morning between the Record and Telegram carriers resulted in a victory for the Record carriers by a score of 12 to 10. Quite a crowd of rooters for both sides was present and added much life to the game. There was a surplus of umpires and a large deficit on their part in the knowledge of baseball rules.

The game was close and exciting despite the poor rulings of the umpires. The teams lined up as follows:

Record Team—Pearce, p; Marley, 1st b; Sullivan, 2nd b; C. Ridge, s. s; Turner, 3rd b; Abbott, c.

Telegram Team—White, p; Jones, 1st b; C. Yates, 2nd b; B. Yates, s. s, Ballard, 3rd b; E. Ridge, c.

A Statement From Mr. York.

Considerable discussion has been raised in the press and in congress over the use of "mineraline" in increasing the whiteness of flour. The name of the York Manufacturing company of this city has been coupled with the industry of preparing this product for the market. Tomorrow we will publish a statement from Mr. York giving the facts in the case. Until then those who wish to do exact justice will reserve judgment in the matter.

Another Tar Heel Wins.

Mr. Edgar B. Sherrill, won the first prize (it was $100 in cash) out of a class of 76 for maintaining the best average in recitations during the year in the law department of Georgetown University, Washington, D. C. His average was 99 2-5. Last year he obtained the prize of $50 in the junior class. Mr. Sherrill is proof reader in the government printing office and is a brother of Mr. John B. Sherrill, editor of the Concord Times.

Durham at the Front.

With one of our citizens at the camp of the Durham boys, cheering them, and assuming the government's oligation to pay them off for one month, and taking active steps to have them clothed and equipped; and another citizen in Durham giving $100,000 to Trinity College in one day, is a pretty good day's work for Durham, take it any way you please. The spirit of patriotism and generosity is abroad in our midst.—Durham Sun.

Fatal Row at Tampa.

Savannah, Ga., June 9—A riot among United States troops at Tampa Monday night caused the death of four negro regulars. It is impossible to obtain full particulars, owing to the censor, but it is known that regulars were indulging in a drunken revelry when met by a body of Southern volunteers and a fight precipitated, in which fire arms are said to have been used. Tampa is reported to have since been placed under martial law, the entire Second Georgia regiment being placed on duty to preserve order.

LIBERALS WANT THE ALLIANCE

Anxious that the Matter be Handled With Care.

MERRITT HURRYING TO DEPART.

Monterey Delayed—No News for McKinley—Cables All Cut—Troops to Leave Chickamauga.

By Cable THE TELEGRAM.

London, June 10—The Westminister Gazette this afternoon says that the Liberals desire nothing more than to draw more closely the bonds of friendship and good will with America. The attention of the leaders is drawn to several points that need careful handling because, judging from the present conduct of foreign affairs, there are grounds for fearing that the best policy may be wrecked by lack of wisdom and perseverance.

The Gazette further says: "We plead for care and caution in dealing with America because we are anxous to save that cause from the fickelness of the present government."

SECOND PHILIPPINE EXPEDITION.

San Francisco, June 10—General Wesley Merritt, in obedience to orders, is hurrying the preparations necessary for the departure of the second transport fleet to the Philippines. Large quantities of provisions and ammunition are being rushed aboard the China, Colon, and Zealandia. The transports, Senator, City of Pueblo, and Queen will soon be ready for troops. The Zealandia is expected to sail this afternoon.

MONTEREY INJURED?

Santa Barbara, Cal., June 10—Captain Dabney of the steamship Pomona which has just put in reports sighting the monitor Monterey in tow of the Brutus fifteen miles off Gaviola and forty miles to the westward of here. The monitor was heading apparently for the passage between Santa Cruise and Santa Tosa island and thence seaward. It is supposed that the monitor had been compelled to seek quiet waters to repair some injury.

QUIET IN WASHINGTON.

Washington, June 10—President passed a quiet morning today and received nothing official until the arrival of the cabinet. He was disturbed less than usual by demands for personal interviews. He was closeted for a short time with Senators Lindsay, (Kentucky) and Platt (New York,) and Representatives Hooker (New York,) and Hawley (Texas.) Mrs. Hart called on the president and asked for the official papers which release her pardoned husband, Capt. John Hart.

CABLE CHOPPED AGAIN.

Port au Prince, June 10—This place has no cable communication with Santiago de Cuba. It is supposed that the last of the Santiago cables has been cut.

SAMPSON'S WORK.

Cape Haytien, Hayti, June 10—The cable connecting this place with Santiago de Cuba has been severed and no news from that place can be secured except by dispatch boats.

GARRISONING THE FORTS.

Camp Black, June 10—The 22nd regiment of New York was moved this morning under orders issued some days ago. The regiment will be used to garrison forts Schuyler, Slocum and Willett's Point. The only troops remaining in the city now unassigned is the first battalion of the 47th regiment. The others are at Tampa, Chickamauga and points above.

Referred to Blanco.

Madrid, June 9—A dispatch to the Imparcial from Havana says that Sampson on Wednesday sent Cervera a proposal to exchange prisoners so as to obtain Hobson and others of the Merrimac crew. General Linares, commander of Spanish troops in Santiago, replied that such negotiations must be conducted with Blanco.

The government declines to add anything to reports from Santiago, but newspapers admit that the Vizcaya was hit twice and the Furor once. Ministers admit receiving later telegrams which are believed to have been of serious import.

Tenth Private Convicted.

San Francisco, June 9—The general court-martial in session at Camp Merritt has convicted John Campbell, of the Tenth Pennsylvania volunteers, who attacked a colored man at Mount Gretna, Pa., just before the regiment left for the coast. A light sentence was imposed, as Campbell has practically been in prison a month.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., June 10, '98.

Misses Harris and Robbins, of Trinity, were visitors to the city today.

A. V. Sapp and little daughter, Irene, are spending today in Greensboro.

J. B. Best arrived in the city today on northbound train.

Several Archdale young ladies came up yesterday afternoon on wheels.

The Ladies Aid Society of the Presbyterian church gave a reception last night to the members of that church so that they might get acquainted with their new pastor. A delightful exercise was well rendered after which elegant refreshments were served.

Tuesday night being the annual meeting of the school board it was fraught with much interest on account of it being the time for election of superintendent and teachers for the coming year. Prof. Geo. H. Crowell was unanimously re-elected superintendent. All the old faculty was re-elected. The board was exceedingly gratified at the work of last year and the re-election of the old faculty without a dissenting voice is the highest compliment that could have been paid the efficiency of their work, and the only way of demonstrating confidence in it in the future.

The Captain and the Red.

As to the second call for troops and the matter of recruiting, Gen. Cowles said: "With the eighty-fifth tender of a company, I have stopped the list. There is no telling how many offers would have been made, certainly over 100. Col. Burgwyn is getting many tenders of squads. He has enough of of these to fill his regiment if the tender materialize." One of the captains of the Second is in trouble. He is from the west. Two weeks ago he "looked upon the wine when it was red" as they say in the army said, "How" too often. So he was arrested in town and had a close call. Yesterday he had a return of the habit and was under arrest. It is whispered that his company may have another captain.—Col. Olds correspondence.

The College Endowments.

It was learned that it is the plan of Washington Duke to make his total gift to Trinity College $1,000,000. It is also learned that President Taylor, of Wake Forest College, is at New York to see the widow of the late G. W. Bostick in regard to the $100,000 which her husband desired to add to his other gifts to the college, thus making its endowment $350,000. Bostick gave the college $24,000 in the Standard Oil Company's stock, which has a market value of $108,000.—Raleigh Correspondent Charlotte Observer.

Oil on the Waters.

London, June 9—The Madrid correspondent of the Times says that Sagasta is trying to calm public opinion by assuring those with whom he converses that things are not so bad in the Philippines as they seem, and that the government has taken remedial measures. He adds that all is quiet in Cuba, public tranquility and loyal enthusiasm reign in Porto Rico, and no peace negotiations begun, because at the moment there is nothing to negotiate about.

French Cabinet Crisis.

Paris, June 8—The following semi-official note was issued this afternoon. The ministers have placed their resignations at the disposal of M. Meline, the premier, who, if his policy is approved by the Chamber, will remodel the cabinet on the broadest basis, in accordance with the conditions of the recent elections.

Cargo of Arms Seized.

Hong Kong, June 9—The police have seized a cargo of arms on board the British steamer Passig, owned by the Sang Pam Yung, of this city. It is supposed the arms were destined for the insurgents of the Philippine islands. They were seized under the neutrality law.

Capt. Hart Pardoned.

Washington, June 9—The president today granted a pardon to Captain John Hart, who was convicted of filibustering, and who is now in prison in Philadelphia.

THE SAN JUAN EXPEDITION.

Plans For The Capture Already Completed.

SAGASTA'S DENIAL RIDICULED.

Journal Boat Shelled—Grant Takes The Field—Nothing Official in Regard To Peace.

By Wire to THE TELEGRAM.

Washington, June 10—There is a general understanding in official circles that General Shafter's force of twenty-seven thousand will be divided after Santiago de Cuba is taken. One part of his force will remain there and the other part will go at once to Ponce on the coast of Porto Rico. The exact date of the departure of the force will be determined by General Coppinger's readiness to start for San Juan. Simultaneous attacks will be made on San Juan by land and sea and will be followed by a junction with the remnant of Shafter's expedition which will travel seventy-five miles on military roads from Ponce to San Juan, thereby bisecting the island. It is believed the campaign in Porto Rico will disheartened Spain and will season the raw American soldiers for a decisive victory at Havana.

JOURNAL BOAT SHELLED.

New York, June 10 (11 a.m.)—The Journal in an extra publishes a special dispatch from Cape Haytien stating that the Journal dispatch boat "Fly" was shelled by the Yankee and the Dolphin while reconnoitering at Santiago de Cuba. At Caimanera a shell from the Dolphin smashed a train carrying Spanish soldiers killing many of them.

SEEKING PEACE?

Washington, June 10—There is no official confirmation here of the Madrid, Paris and Vienna despatches stating that Spain is seeking peace through the mediation of the Pope or the powers.

SAGASTA RIDICULED.

London, June 10—The denial of Premier Sagasta that Spain is seeking peace has been received with ridicule here by men well acquainted with Spanish policy. It is perfectly well known in diplomatic circles that Spain has been for sometime making every effort to end the war with the least possible loss of territory and dignity. It is quite generally believed that the queen regent has appealed to Austria and the Vatican to hasten the cessation of hostilities.

THE TRAITOROUS COAL DEALERS.

Philadelphia, June 10—There have been no fresh developments today in the investigation being conducted by District Attorney Betts and Chief McManus, of the secret service, into the operations of certain well-known coal dealers here. The revelation of the case against the coal men has been the topic of the town. The officials refuse to reveal the exact character of the information or the names of the operators but the charge will be selling large quantities of coal to Spanish agents since the outbreak of hostilities. Assistant District Attorney Kane, when seen this morning, said he had nothing to add to the facts already made public and that no overt action would be taken until further developments. The arrest of the operators is expected to follow shortly.

CONFERENCE REPORT.

Washington, June 10—Senator Aldrich, of Rhode Island, presented the conference report on the war revenue bill to the senate this afternoon. Its provisions were made known to the senate.

SPANISH CAUSE HOPELESS.

London, June 10—Balfour, the government leader, said in the House of Commons this afternoon that intervention is impossible unless there is a reasonable prospect that such action would be welcomed by both countries. The St. James Gazette, of London advises America to occupy Spanish waters immediately and points out the utter hopelessness of the Spanish cause in the present conflict.

TO GO TO TAMPA.

Chattanooga, June 10—The troops now remaining here will soon be ordered to Tampa and other gulf points. General J. R. Brooke today announced that it is the purpose of the administration to mobilize one hundred thousand more soldiers at Chickamauga. The camp here is now the best equipped camp in the country. General Grant will take the field today.

Marines Landed.

Norfolk, June 9—Thomas Spain, of Norfolk, received today a letter from Carrollton Rhea, telling of the landing of the first battalion of marines at Aguadores, Cuba, which occurred, he said, a week ago. Rhea, who is from Norfolk, is a member of the first battalion. He wrote that the Americans landed at Aguadores, a town near Santiago, that shortly after landing they were attacked by a Spanish force. In the skirmish, which ensued, two Americans were killed, Rhea says, and 30 of the enemy.

Fleet May Sail for Spain.

Washington, June 9—On good authority it is said that the plans of the Administration with regard to Spain extend much further than now supposed even by those on the inside.

The statement is made that if Spain does not surrender with the fall of Porto Rico and Santiago she will be made to feel the sting of war at her own doors. The Canaries will be assailed and the Spanish seaports bombarded.

Another Spanish Squadron.

Key West, June 9—It is reported here today that a Spanish squadron, consisting of one large cruiser, two small cruisers and a torpedo-boat, were seen last night in Nicholas Channel by one of the mosquito fleet.

AS TO MORE EARTH.

Some time ago Thomas B. Reed gave his permission for congress to annex Hawaii and there is little doubt that before congress adjourns, perhaps so soon as the war revenue bill is disposed of, a strenuous effort will be made to force the annexation resolutions through. It is sufficiently apparent that the annexation of Hawaii will be the inauguration of the policy of Greater America. If Hawaii is annexed so will be Cuba, so Porto Rico and most probably the Philippines. Those who favor a change of the immemorial policy of this government wish to take advantage of our supposed necessity of a coaling base in the Pacific to begin the land grabbing that will end only when we have seized all that other nations will allow us to seize. The country is not startled by the proposed acquisition of Hawaii as it would be by the proposed acquisition of Cuba or the Philippines because the idea has been familiar for some years. None the less, every argument that is advanced for the annexation of Hawaii applies with vastly greater force to the case of Cuba and Porto Rico. It should be understood then that the real question is not merely the acquisition of Hawaii but the adoption of a policy radically different from that of the past, a policy of territorial aggression. We shall be called upon to support a military and naval establishment at least five times as great as in the past. We enter inevitably upon a policy the fruit of which will be unrest, at home and abroad. It is not a matter that is to be decided off-hand and lightly; it is not a matter to be decided by congressional demagogues anxious chiefly to secure a return to congress by appealing to a superheated popular imagination. The question should be reserved for the sober second thought of the American people and if they then decide to commit the destinies of the republic to the new policy, well and good. But they should be given time and opportunity to fully realize just what it means. A "domain on which the sun never sets" is nice to look at from a distance but when the tax payer is called upon to support a war establishment to hold such a domain, when wives and mothers and sisters are called upon to give up relatives to fight the battles necessary to hold such a domain, the charms fade somewhat. A nation with far outlying possessions is like the "grand-daddy spider" familiar to our boyhood—apt to have some of its long legs chopped off. As it is the nation is absolutely invincible. One rocky island five miles square in mid-ocean might easily involve us in a war that would drain us of even our vast resources. Therefore we should make haste slowly in the annexation of such or of any islands.

The Emperor of China has decided to move his capital. The next move will be over the border.

The Reina Mercedes should have known enough to get in out of the rain.

The Spaniards may stand the warships and rough riders but when the monocle brigade reaches Cuba the sponge will be speedily pitched high in the air.

John Wanamaker has notified the government that he is now ready to organize his yardstick brigade. Apparently he prefers fighting Spaniards to charging the Quay machine.

The Spaniards in Cuba and in the Philippines who have been dreaming that the insurgents would join them to "repel the foreign invader" are being treated to a rude awakening.

In establishing the merits of republican administrations we invite the public to go with us to the tables of governmental statistics.—Union Republican.

Very kind of you, but won't you excuse us this time?

San Juan Expedition.

Washington, June 9—Administrative officials of the war and navy departments have reached an agreement that no vessels will be sent to Porto Rico or troops landed there till Santiago shall have been taken. An army corps under General Coppinger is now being formed for the invasion of Porto Rico, and will be ready for active service as soon as the Santiago campaign is over.

A long dispatch from Admiral Sampson was received at the navy department tonight, but it is understood that it contained little of importance. Nothing was said about the destruction of any Spanish torpedo boat, or about marines landing near Santiago, which he would undoubtedly have done had such things occurred.

Mrs. Joe Person, Kittrel, N. C.:

Me Dear Madam: so much improved have both Mrs. Avirett and I been by the use of your admirable Remedy that we consider it a matter of pure justice that we should signify by express testimony how much we value your medicine in our family. We have found it a most excellent Tonic, but even of rarer value as a Nervine Remedy in Insomnia and as a General Builder-up to one in run down health.

We only wish you had the means sufficient to advertise your medicine as to find for it the market to which its value so fully entitles it.

Faithfully yours,

The Tax on Tobacco.

Washington, D. C., June 9—Senator Pritchard and Congressmen Pearson, Kitchen and Skinner are not satisfied with the tax on tobacco. They worked industriously to eliminate the retroactive clause contained in the war revenue bill as it passed the house and as amended in the senate. They were successful but Chairman Dingley would not consent and the conferees compromised by relieving those whose stock on hand was less than one thousand pounds. This will let out the small dealers who would have been driven out of business had the original house provision prevailed. Where the stock on hand exceeds one thousand pounds or twenty thousand cigars one-half the increased tax will be collected. Under the circumstances this is a victory for the North Carolina delegation who have worked day and night to protect the tobacco interests of the Tar Heel state.

The Horrors of Nervousness.

Those who are going through the indescribable terrors of this dreadful disease, require no description of the agonies they constantly suffer. But why suffer? Good blood gives good nerves; and

gives good blood. It is a nerve strengthener and restorer, the efficacy of which cannot be over-estimated; when it is learned that its absolute freedom from poisonous drugs or opiates, makes it safe for use in the hands of sick or inexperienced persons, there is an increased appreciation of it. JOHNSTON'S SARSAPARILLA is a specific for impoverished or impotent nerves; it feeds the nervous system to high health, provides for physical and brain endurance, cheerfulness, happiness and energy.

We sincerely regret to learn of the illness of Mr. Geo. H. Royster. He has not been well for some days and is now confined to his bed at home, threatened with fever. The Telegram hopes his sickness will be of short duration.

Mesdames W. F. Trogden, J. H. Weaver, L. W. Crawford, and Misses Lucy Coffin, and Bessie Grissom went to Winston this morning to attend the meeting of the Woman's Missionary Society of the Western North Carolina Conference.

L. W. Crawford, Jr., returned from Durham this morning where he has been a student in Trinity College. He graduated this year and took a high rank in his class and was one of the most popular boys in school. He was captain of the college baseball team this year.

Great Sale.

It is customary with D. Bendheim & Son's at their northern establishment to have each season a grand closing out sale of all remaining. Their northern buyer who has just arrived here is very much surprised at the quantity of summer goods still unsold and he adopts the same rule for this establishment. They inaugurate Saturday morning one of the largest sales ever held here. You will find the most complete assortment of lawns, organdies, white goods, black dress goods, table linens, underwear, hosiery, &c., &c., ever placed before the public, and all to be cleaned out at unheard of prices. They cannot afford to be handicapped for their first new fall season, with a surplus stock, therefore every dollar's worth of summer goods must be cleaned out, no matter at what price. Their sale opens Saturday morning, you may all look for big bargains.

Their Second Anniversary.

What is now one of our most popular, reliable and well known clothing and gents furnishing houses, Matthews, Chisholm & Stroud, was launched two years ago today. Their success is well deserved. It has been brought about by untiring energy. A judicious use of printers' ink, faithful and careful attention to the needs and requirements of their customers and withal polite and courteous treatment to all at all times.

With pride we point to the fact that in two years time they have reached the position they occupy among our foremost and most popular dealers. To use an old quotation: "May their shadows never grow less."

Attention, Sans Souci!

The executive committee of the Sans Souci Club has decided to give a picnic next Thursday, June 16. Arrangements are being made for a pleasant day, and all members are cordially invited and expected to attend.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and $1.00 per bottle at C. E. Holton's drug store.

"Root Beer" Again.

Communicated.

Editors Telegram—With due apology for again mentioning this matter I ask a little more space to refer to the Daily Record's allusion to myself. I simply wanted to be treated square, and the Record's notice was interpreted by people of intelligence to mean that I had purchased a supply of beer and laid it away for Sunday use. There were no facts to warrant leaving such an impression.

Now instead of doing me the justice to correct the erroneous impression the Record undertakes to belittle me by saying, "But now the gentleman has rushed into print, when not one in five hundred knows him or ever heard of him, it will cause people to wonder if it was really root beer."

To this I will simply make the following statement and leave the people to judge the reason why so few people know me: I subscribed for the Record before the first copy was printed and for a number of years was a patron of the same. For five or six years I had an advertisement therein, and thought in that way perhaps a larger per cent. than one in five hundred would hear of me even if they did not become acquainted with me.

According to the Record's claim of being a good advertising medium I ought to be well known; but according to the Record's statement that not one in five hundred ever heard of me the public will infer that I have been grossly deceived and that for five or six years paid my money for nothing.

Very respectfully,
M. Vuncanon.
